<b>CONTENT STANDARD</b>	P.CM.07.23 Describe the physical properties and chemical properties of the products and reactants in a chemical change.	P.CM.07.23 Describe the physical properties and chemical properties of the products and reactants in a chemical change.	P.CM.07.23 Describe the physical properties and chemical properties of the products and reactants in a chemical change.	P.CM.07.23 Describe the physical properties and chemical properties of the products and reactants in a chemical change.	P.CM.07.23 Describe the physical properties and chemical properties of the products and reactants in a chemical change.
<b>CONTENT OBJECTIVE:</b>	SWBAT demonstrate knowledge of physical properties of matter by completing short investigations.	SWBAT demonstrate comprehension of the physical properties of matter by sorting objects by properties using observation.	SWBAT demonstrate knowledge chemical properties of matter using guided highlight and partner discussion.	SWBAT demonstrate comprehension of physical and chemical properties by comparing the two states.	SWBAT demonstrate comprehension of physical and chemical properties by completing mini science lessons. (root beer, ice cream)
<b>LEARNING TARGET:</b>	I can use observations to complete short investigations.	I can sort objects using the physical properties of matter.	I can read/highlight and discuss reading.	I can write if an object has had a physical or chemical change with partner.	I can observe the chemical reaction that causes the chemical change in the mini lesson.
<b>LANGUAGE OBJECTIVE:</b>	.6-8 Explain S L 1 comparing attributes of real-life objects with a partner  The orange is _____.  The paper is _____.	6-8 Recount LL1 sort objects based on descriptions  Ex. Color Texture Appearance Malleability	6-8 Explain W L3 Comparing and contrasting information events or characters.	6-8 Explain W L3 Comparing and contrasting information events or characters.	.6-8 Explain S L 1 comparing attributes of real-life objects with a partner  The reaction I observed _____.
<b>Vocabulary:</b>	WEEK #11 Derived Whole Boundary Connected Integrate Standard Formulate	Practice	practice	Practice	Vocabulary Test
